

CONFIGURE TO STORE ALMOST ANYTHING

File folders, archive boxes,
specimens, weapons in armories,
mechanical parts and more.

Whether you call it high density, mobile aisle, rolling files, compact storage, mechanical assist or electrical drive..they all mean the same thing. Storage that reduces space while keeping the contents and your employees safe and secure.

Vital Valt is a dealership you can count on to double your storage in the same space or assist you in increasing your storage where ever you need storage.

Vital Valt is a dealership/manufacturer that offers installation services in the United States and Internationally. We offer CAD assistance to plan out your storage space. And a storage specialist to insure your products are stored safely.

We also do Design/Build projects for just about anything you can dream up when it comes to storage.

Vital Valt is nationally recognized for our sales and projects. Our design team has influenced the design of many customers locations including Movie Studios, Law Firms, Weapon Storage areas (Armories) just to name a few. High Density is great for Hospitals, Clinics, Law Firms, Banks, Law Enforcement Agencies, Courts, Schools and Universities, Libraries, Military Bases, Manufacturing, country clubs, Warehouses, Retail Stores, Automotive Parts Storage, Retail Storages and Casinos as examples.

Items that are generally stored in High Density Systems include: Files (letter and Legal Size), X-Rays, Archives (Film and paper), Golf Bags, Books and Binders of all sizes, Scripts, Video Tapes, Film of all sizes, Tool & Dies, Pallets and all sizes of parts.
