

THE SAFEST STORAGE SOLUTIONS FOR MILITARY & LAW ENFORCEMENT WEAPONS IN THE U.S.

Combat Weapon Storage Systems are manufactured exclusively for Vital Valt with global distribution. We provide fully modular weapon storage systems for global military units, state and local law enforcement agencies

We manufacture both fully welded Combat Weapon Racks with locking reverse bi-fold doors & Combat Weapon Shelving for use in secure arms rooms. Our weapon racks & weapon shelving can be setup in armories as free-standing systems or installed on top of mobile storage systems when high density weapon storage is required.

Featuring a reinforced fully slotted back panel, individually adjustable barrel saddles and storage components allow for the storage of a wide variety of weapon systems & gear side by side.

All rifle types with a buttstock are secured with a pair of weapon holders for vertical and lateral storage of weapons.

Combat Weapon Storage Systems are available on our GSA Schedule GS-07F-0661W and also via DLA with over 50 National Stock Numbers.

Vital Valt offers turnkey design, sales and on site assembly for Combat Weapon Storage Systems.
